## Story Character Directions

Directions: tell about the "body of the story" you read. Put together a "skeletonish" mobile to use in your story presentation. We will hang it up when you're finished. Use index cards or stiff paper to create your character. Put the body parts together with string or yarn. If you need paper ask your teacher.

Head: Draw and color the face of the main character. Write your name on back of the head.

Chest/Upper Torso: Draw and color the setting where and when the story takes place.

Abdomen/Hips: Write 1-3 sentences in your best writing explain the main problem or adventure in the book.

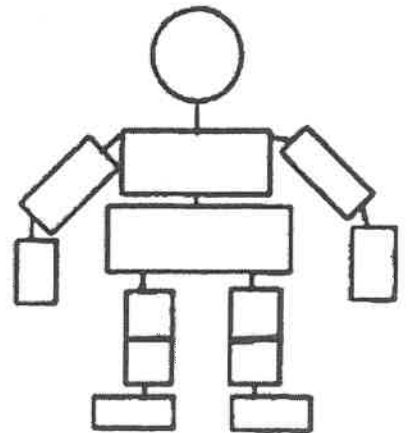

Upper Arms: Write the names of other important characters. Add how each relates to the problem or main character using complete sentences.

Lower Arms: Write interesting details from the book using complete sentences.

Thighs: In complete sentences write other problems the character must solve on the way to solving the main problem.

Lower Legs: Write ways the character gets out of the adventure or solves the main problem - the climax and solution using complete sentences.

Feet: Write one thing you like about the book on each foot using complete sentences.
